FSEIS -Draft Response to Comments EPA review 9-19-16.xlsx

Hi Bernward another observation for you..

As the tables are outlined in the word rtc that you just submitted.

It seems to me that everyone here would have comment number 1 .. because they were either in support of or opposed to designation

So, I think we should take those out.. and list them as:

Ex. 5 - Deliberative Process

Subject: SEIS: Response to Comments document

Hi Jeannie,

This email pertains to the Response to Comment document. Attached is the under-construction DRAFT (I retain the MASTER). It includes:

- **Section 1: Introduction.** (Has some flags for you)

- **Section 2: How to Find Comments.** I will finalize after Section 3 is done. Section 2 includes:

- Table 1: A summary table of the Hearings (I have not yet entered the pro/con position in that table)
- Table 2: A summary table of the 279 emails received during the comment period (with pro/con included. The comment numbers go into the column on the right in both tables. The table will be expanded with the 1000 emails.

- **Section 3: Response to Comments.** A placeholder for the section that you are preparing. Some of the emails/letters from the 279 require responses to comments. Please see the attached table with responses provided; it includes a few flags for you for your to complete responses. I also attached the original emails requiring comments for your reference.

- ☐☐☐☐☐☐☐☐ **Attachment 1:** The entire Hearings Report from the spring. All set.

- ☐☐☐☐☐☐☐☐ **Attachment 2:** All original emails and letter. Again, I now have the MASTER of the 279 emails. And I will also have the MASTER of the additional 1000 emails after you sent them tomorrow. I will take of it from there and prepare.

Thanks,

Bernward
